CHEWING GUM

Love is like chewing gum – it's really nice in the beginning
Then you just keep chewing baby – then you just keep chewing che wing ching

Once heard a wise man, he said he's rather chewing gum instead
The wise man said – he'd rather shoot himself dead
I no-more will allow for all the lovely things she said
To penetrate the centre of my centre-fold head

Then you just keep chewing baby – then you just keep chewing che wing ching

You're better of with everyone - than only one that moans
Because your love won't ever be enough – she'll want a bigger home
Trust me son I've been through that - and now I'm back alone
After I've lost al my friends - and the only woman tat I've known

Then you just keep chewing baby – then you just keep chewing che wing ching
I do - I do not love you – I do - I do not love you

Love is like chewing gum – it's really nice in the beginning
Then you just keep chewing baby – then you just keep chewing che wing ching
